

# You are invited to our FALL OPEN HOUSE

## Interested in going back to school or thinking of starting a new career?

Learn about programs and courses offered at our Stafford campus.

Advisors will be available to guide you through the application process, financial aid requirements and all the steps to help you get on the path to a brighter future

## STAFFORD CAMPUS

10041 Cash Road  
Stafford, TX 77477  
713.718.7800  
**November 13**  
**4:00-7:00 p.m**

## Highlights of our Stafford Campus:

### Full Service Campus

The Stafford Learning Hub has everything you need to get your education on track. Academic advising, testing, financial aid and more are all located at our Stafford campus.

### Home to Cutting Edge Technology

Our science and biology labs feature state-of-the-art equipment including digital telescopes and microscopes used in instruction.

### Workforce Education

Stafford offers workforce programs in various fields giving students opportunities in careers such as Drafting and Design Technology, Business Technology, Film/Video and Special Effects, Accounting and many other in-demand fields.

### Library

The 20,000 square foot library includes two electronic classrooms and provides quiet study space, electronic media resources, computers for student use, two computer classrooms, thousands of books, and a friendly staff to help you find what you need..

### Fine Arts Department

The award-winning art, drama, and music programs call Stafford home. The recently constructed Fine Arts Center is located across from the Learning Hub at 9910 Cash Road, where student drama productions, music recitals, and art shows will be highlighted each semester.

### On-Campus Bookstore

Stafford has a full-service bookstore located directly inside the Learning Hub, making the purchase of books and supplies much easier.

HCC places more students into jobs, helps increase their earning potential by \$5,000 per year and transfers more students to the university of their choice.

With a wide range of classes to choose from, a quality college education is available at an affordable price.

Visit the Stafford Butterfly and Hummingbird Garden located in the courtyard of the Scarcella building. Southwest College Biology and Astronomy departments have joined together to cultivate a beautiful refuge that various butterfly species can call home.
